ABOUT MOGENS DAHL CONCERT HALL/MOGENS DAHL CHAMBER CHOIR

Mogens Dahl Concert Hall is an independent cultural institution, which has existed since 2002. Prestigious chamber music series are performed here, starring big international names.

At the same time, Mogens Dahl conducts his own professional chamber choir, artistically founded on the Nordic a cappella tradition. The goal is, among other things, to influence the future set-up of vocal music in the Nordic countries and explore new horizons

The tastefully designed horse stable, which is the setting of the concert hall, is located in a tranquil backyard of Islands Brygge. The facilities are also used as modern meeting, event and conference centre. This part of the business is run by an independent department with its own director and four employees.
